July 27, 2015

Dear BFA Student,

MECA is a nationally recognized creative community of highly committed students, outstanding faculty and dedicated staff. We pride ourselves in providing an engaging and enlightening educational experience for students. We know that such an experience requires a safe and healthy student environment. To that end, we are requiring that you view Not Anymore, an online interpersonal violence prevention program from Student Success™. This video-based program will provide critical information about Consent, Bystander Intervention, Sexual Assault, Dating and Domestic Violence, Stalking, and much more. Not Anymore will help you better understand how vitally important these issues are and what you can do to help make your campus safer.

Program Instructions

The online program will be available to take as of July 27, 2015. You are required to complete the program by August 21, 2015. You are required to earn at least an 80% on the program, which will prompt you to retake the post-test until you achieve this score. The program also will allow you to review the program videos before you retake the post-test. Failure to complete the program will result in a hold on your account.

Step 1: Log on to Not Anymore at: https://www.studentsuccess.org/meca15/notAnyMore/login

Step 2: Enter your access code: 156322

Step 3: You will be taken to the Not Anymore Account Setup Page. Follow the instructions provided. Remember the email and password you enter, as they will allow you to leave and re-enter the program to complete the program in several sittings if you choose without having to start over. If you run into problems taking or reentering the program, do not start over. Contact us through the HELP button and we will assist you.

You will retain access to the programs until at least May 31, 2016 for reference purposes. You also will receive follow-up contacts from Student Success™ highlighting key program information.

If at any time you have general questions or concerns regarding the program requirements, please contact your school at newstudent@meca.edu. If you have any
technical difficulties with the program, please contact Student Success™ through the program HELP button or at terrylynn.pearlman@studentsuccess.org.

We thank you in advance for your diligent participation in this critical program. Through the Student Success™ programs and our other campus efforts and resources, we are becoming a nationwide model for a safer campus.

Sincerely,

Adrea Jaehnig
Director of Student Life

Representative student comments about Not Anymore:

"Extremely informative, touching, inspiring, and helpful."

"It kept me involved the entire time. I liked how the people were all college students, as opposed to adults lecturing about the subject."

"I was a bit mad that I had to take the time to watch it at first, but it really is worth it."
